TARGET GROUP

Current OIM, Deputy or Potential Duty Holders requiring Official Assessment & Certification in Managing / Controlling Emergencies

PREREQUISITES

Attendees should be **READY** to undergo immediate Assessment and be either:

- Current OIM | OIM's Deputy | Emergency Deputy | or a Potential Duty Holder
- A "Pre-Assessment Company Guide & Declaration" sent by the Training Provider must be completed and returned by the Client Company.

TECHNICAL & LOCATION REQUIREMENTS

To achieve optimum training quality and effectiveness to meet the expected OPITO Standard the DELEGATE must ensure he has working computer hardware and software available and tested for use at their location **BEFORE** the Assessments are to take place:

- Reliable broadband internet access at appropriate speed for the Zoom video conferencing
- Immediate Email and Telephone access
- PC/Mac with Browser – Google Chrome preferred
- Minimum Display Resolution 1366 x 768 (prefer 1920 x 1080)
- Microphone, Speaker and Video Camera compatible with ZOOM
- Free ZOOM software downloaded and tested before Assessment. Delegate must be familiar with basic use of ZOOM.
- Link to the Trident Virtual Command Centre simulator will be issued for familiarisation pre-assessment
- **The delegates should be in a professional environment during the assessment such as company site or asset, not private residence**

COURSE OUTLINE

The **OPITO OIM CE REMOTE ASSESSMENT** is an **Assessment Only** process. Candidates must be **READY**.

Companies of attending candidates must declare prior to undergoing Assessments that the candidates already possess understanding of the expected Core Essential Knowledge areas of;

- Procedures (ERP's and Safety Case etc)
- Hardware (Installation layout & Systems etc)
- Information (Cause & Effect, Potential for Escalation etc)
- Human Factors (Stress, Decision Making & Adversity etc)

In addition, they must possess an Asset Type Knowledge of the facility they are currently on, before undergoing the Practical Assessments.

The Practical Assessments expose the candidates to a controlled, stressful, simulated emergency environment where they are required to meet performance criteria under the following Elements;

- Assess The Situation & Take Effective Action
- Maintain Communications
- Delegate Authority to Act
- Manage Individual & Team Performance
- Deal with Stress in Self & Others

The Emergency Procedures of the Candidates facility are to be provided in advance of the Assessments.

The Assessments are conducted using a simulator of the Candidate's own Asset Type using the candidate's own Procedures.

NOTE: Companies and Candidates sometimes prefer a **PREPARATION Training Option** to undertake before Assessment. A '**PREPARATION COURSE**' is available to refresh skills, increase confidence, understanding and fully prepare candidates **PRIOR** to the OPITO Assessment process. This has proven a highly valuable and appreciated initiative to many candidates. Inquire with booking.
